

Passionate about Scrapbooking!

Intohimona Skräppäys 2012 ("Passionate about Scrapbooking") is an annual national event for scrapbooking, card making and crafting. In the fair, people can do shopping from the best paper craft stores, take part in workshops and enjoy the company of fellow crafters. By reserving a table space people can also do crafts on site.

This year the fair is going to be bigger than ever. There are two amazing talents, Birgit Koopsen and Revlie Schuit, coming from the Netherlands to hold workshops. Also international companies are invited to participate.

When and where?

This year's fair is going to be held the 21st and 22nd of April in the Spa Hotel Peurunka, Laukaa. Peurunka is situated in the central Finland. The location is 270 km, about 3,5 hour drive from the capital, Helsinki.

The Peurunka Spa Hotel provides a recently renovated arena for the fair as well as a magnificent spa department with the possibility to spoil oneself.

Opening hours:

For daily visitors the fair is open during Saturday from 10 am to 6 pm. For the people who either have reserved a table space or enrolled to a workshop the fair is open Saturday from 10am to 2am and at Sunday 8am to 6pm.

Workshops and program:

Both Birgit Koopsen and Revlie Schuit will host three workshops each during the fair. The participating companies may arrange workshops, too. Smaller demonstrations and displays may be held at the companies' own spaces. The program will be updated in the blog when we receive the confirmations.
